

Overzicht studies die zijn uitgezonderd van de stagevergoeding

Bachelor

Bewegingswetenschappen
Biomedische Wetenschappen
European Public Health
Geneeskunde
Gezondheidswetenschappen
Klinische Technologie
Medische informatiekunde
Nanobiology
Regenerative Medicine and Technology
Tandheelkunde
Zorg, Gezondheid en Samenleving

Master

Bio Inspired Innovation
Biofabrication
Bioinformatics and BioComplexity
Biology of Disease
Biomedical Sciences
Cancer, Stem Cells and Developmental Biology
Cardiovascular Health and Disease
Clinical Research/Health Science
Cognitive Neuroscience Master
Drug Innovation
Environmental Biology
Epidemiology
Evidence Based Practice in Health Care
Farmacie
Fysiotherapiewetenschap
Geneeskunde
Genomics in Society
Global Health
Governance and Leadership in European Public Health
Health and Digital Transformation
Health and Environment
Health Education and Promotion
Health Food Innovation Management
Health Informatics
Health Systems and Prevention
Health, Ageing, Society
Healthcare Policy, Innovation and Management
Infection & Immunity
Infection and Immunity
Innovative Medicine Clinical Psychosocial Epidemiology
Klinische Gezondheidswetenschappen
Master Health Professions Education
Medical Humanities
Medical Imaging
Molecular and Cellular Life Sciences
Molecular Mechanisms of Disease
Molecular Medicine
Molecular Medicine and Innovative Treatment
(Human) Movement Sciences / Bewegingswetenschappen
Nanobiology

Neuroscience (& Cognition)
Occupational and Sustainable Work
Oncology
One Health
Personalized Medicine
Population Health Management
Regenerative Medicine and Technology
Science and Business Management
Selective Medical Master
Sport Science
Tandheelkunde
Technical Medicine
Toxicology and Environmental Health
Transfusion Medicine and Cellular and Tissue therapies
Verplegingswetenschap
