

Execute plagiarism scan for one document of one student via Osiris Case with Osiris Lecturer.

Navigate to Case Plagiarism scan with **studentnumber**: 2 options

1. Navigate through existing Case of student to Student menu and continue with 2.

2. Navigate directly to Student menu, navigate to details, section Cases and click START NEW CASE:

(When the student has already started other Cases, these are shown in the section Cases)

Look up the Case 'Scan for plagiarism (standalone)' and click 'START':

The screenshot shows a web interface for a student portal. At the top, there's a header with 'Student' and 'Faculty of Science'. Below the header, a search bar contains a student ID '7019874'. A modal window titled 'Cases' is open, displaying a list of cases. The first case is 'GW - Scan for plagiarism (standalone)' with a green 'START' button. The second case is 'Request to the Board of Examiners of the GSNS' with a green 'START' button. The third case is 'Scan for plagiarism (standalone)' with a green 'START' button, which is highlighted by a black arrow. The modal also contains some text about project setup and a note about research projects outside Utrecht University.

Chose the programme of the student (if there is one programme this is chosen by default).
Enclose the document to be scanned. Click on Submit.

The screenshot shows the 'Originality check' form in the student portal. The form is titled 'Originality check' and has a 'Cancel' and 'Submit' button. Below the title, there is a paragraph of text: 'Vul in en klik op **INDIENEN**. Het document wordt dan verzonden naar de plagiaatscanner. Wanneer de scan voltooid is ontvang je daarover per email een notificatie en zal een nieuwe activiteit voor 'Plagiaatscan' verschijnen in je takenlijst. Het kan enige tijd duren voor Osiris het resultaat ontvangen heeft (soms tot enkele uren)'. Below this, there is a section 'Kies een opleiding *' with a radio button selected for 'Artificial Intelligence'. Below that, there is a section 'Selecteer hier het te scannen bestand *' with a file named 'scriptie.pdf' and a close button 'x'. At the bottom right, there are 'Cancel' and 'Submit' buttons.

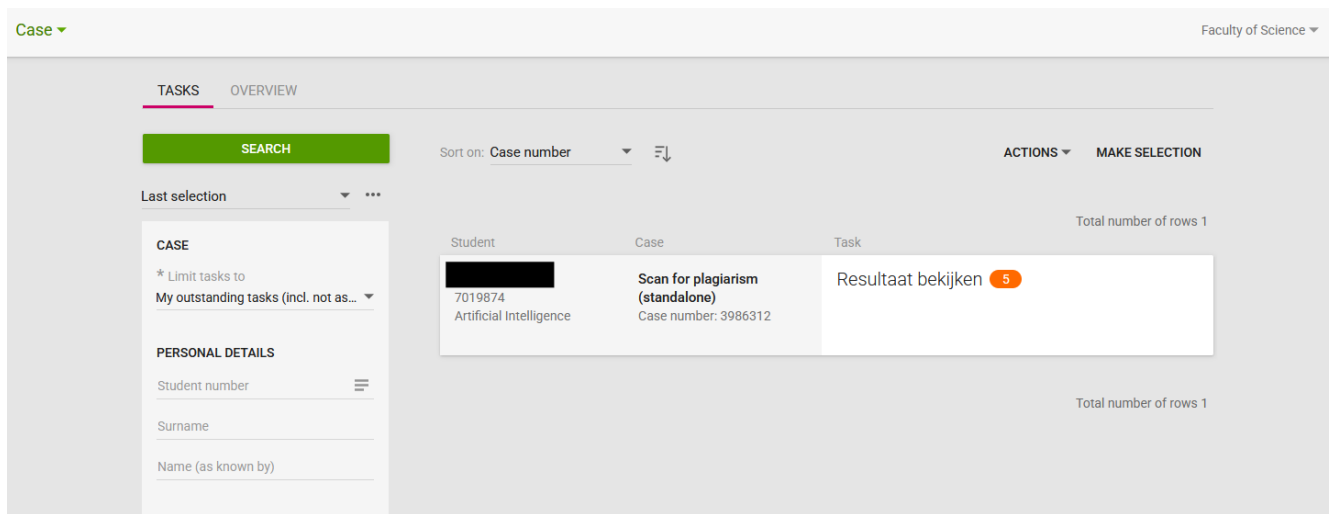

This window appears. The document has been send tot the plagiarism application Turnitin. It can take some time before there will be a result from Turnitin. Sometimes it can take hours so it is advised against to wait for this.

The screenshot shows the OSIRIS Student dashboard for a user with ID 7019874. The left sidebar contains navigation links: Personal details, Supervision, Notes, Enrolments, Grades, Progress, Study advice, Cases (highlighted), Reports, and Internships. The main area displays a 'Scan for plagiarism (standalone)' case for 'Artificial Intelligence' with case number 3986312. The progress bar is red, indicating it is in progress. A 'START NEW CASE' button is visible in the top right. The case details include 'Started: 17-09-2025' and 'Document verstuurd naar plagiaatscanner: 17-09-2025'.

When the scan is finished a new task appears in the Case dashboard. This means that the scan has been finished and the result can be seen.

The screenshot shows the OSIRIS Case dashboard. The left sidebar has navigation links: Student, Agenda, and Case (highlighted). The main area displays a list of tasks under the heading 'Limit to the current Faculty'. The tasks are listed with their IDs and descriptions: 'Scan for plagiarism (standalone)' (ID 1), 'Request to The Board of Examiners – Bachelors of Science' (ID 22), 'Request to the Board of Examiners of the GSNS' (ID 1), 'GSNS Research Project (Thesis)' (ID 2), 'GSNS Research Project' (ID 1), 'GSLS Writing Assignment' (ID 11), 'GSLS Profile - TRANSLATIONAL LIFE SCIENC' (ID 21), and 'GSLS Profile - MANAGEMENT' (ID 2). A black arrow points to the first task, 'Scan for plagiarism (standalone)'. On the right, there is a 'Welcome to OSIRIS Lecturer' section with links to 'Instructional videos', 'Manual for lecturers', and 'Manual for supervisors'. Below this, there is an announcement for users of a Braille display.

Click on the task, the Case will be shown:

If you open the Case you will see the result in percentages. The link Details Plagiarism scan opens the details in Turnitin.

After that click on CHECKED AND CLOSE CASE. The Case is closed and will disappear from your Tasklist.

You can find this Case under the tab OVERVIEW.
